

Obituary

It is with great sadness that we received the news that one of our founding members and Ombudsman Claude Rosselet passed away on 30 April 2022.

Claude was one of the frontrunners in the field of Organisational Constellations and with his book written together with his friend and colleague Georg Senoner "Enacting Solutions" published in 2010, he contributed to the further development and implementation of this innovative method.

We are grateful that Claude played a key part in the foundation of our organisation and was even a member of the board from 2005 – 2007. He continued to support us throughout the years, lastly in the position of Ombudsman 2016 – 2022 for which we are truly grateful.

In 2018 he was a member of the main organising team for our conference "And where are the kites flying now" held in Wiesloch, Germany, which was a great success. His knowledge, collegiality and eye for detail, made working with him a pleasure.

He was a great teacher and mentor, whose knowledge and wisdom will be missed by many in our community.

Our most sincere and heartfelt condolences go out to his family and friends all over the world.
