

20 JAHRE

INVITATION

to the 20th anniversary Birthday summer party

Dear members and colleagues,

We are delighted to invite you to infosyon's 20th anniversary summer party!

Together with you, we would like to celebrate two decades full of inquisitive pioneering spirit, fruitful encounters, supportive cooperation, joint learning, professionalisation and qualification, development and growth. We would like to reflect with you on the beginnings, look at where we are today and explore what we want from and with each other in the future. In a place surrounded by beautiful countryside with plenty of space for everything we bring with us and develop together on site.

With best wishes
Katrina, Gerhard, Beate and Maria

We all are and create infosyon
